

TILES ON PAPER

Spring 2021

Il terzo numero di Tiles on Paper, l'e-magazine di Ceramica Vogue per la ricerca e la proposta di possibili abbinamenti tra le numerose collezioni dell'azienda e tutti gli altri materiali che caratterizzano l'ambiente domestico, è incentrato sulla collezione Flauti.

Flauti è la nuova collezione di listelli tridimensionali per rivestimento in gres smaltato concepita da Ceramica Vogue con la collaborazione dello studio Marcante-Testa. La collezione è pensata per caratterizzare lo spazio architettonico attraverso una soluzione tridimensionale capace di riflettere la luce in modi sempre diversi, conferendo un continuo movimento alle pareti su cui posata. Ispirata a forme tipicamente italiane della metà dello scorso secolo, Flauti include due listelli tridimensionali e un listello flat, disponibili nel formato 5x20 cm montati miscelati su rete 40x30 cm, e in 6 varianti di colori, disponibili nelle finiture lucide e opache.

The third issue of "Tiles on paper" - the e-magazine by Ceramica Vogue suggesting all the potential combinations among the various ceramic collections of the brand and the rest of elements generally characterising the domestic interiors - is fully dedicated to Flauti tiles collection. Flauti is the new stoneware three - dimensional listels collection for cladding, designed by Ceramica VOGUE in collaboration with Marcante-Testa studio. The collection has been conceived to feature the architectural space through a micro-structure and especially the fact that it's random meshmounted supplied makes light reflecting in different ways giving thus a sort of "movement" to the walls. Flauti is suitable for the indoor cladding of residential and commercial spaces, like restaurants or stores and precisely thanks to its technical and aesthetic characteristics also for the outdoor facades, recalling a typical Italian tradition which found its highest expression in the middle of the last century. Flauti comprehends 2 tridimensional listels and a flat one, available in size 5x20 cm, mixed meshmounted on net 30x40 cm and offering 6 colour options available in both mat and glossy finish. In this edition, Flauti is presented as the natural matching of Vogue System and Vogue Graph, able to enhance home spaces with the typical italian style.
